

STOP Forced mRNA Jabs, “Vaccine Passport” schemes, and Mask Mandates!

The Deep State is using a “rise in Covid cases” as an [excuse to reimpose](#) mask and vaccine mandates. Already, hospitals, schools, companies, and others have [reimposed](#) mandates, while local governments are [considering](#) it.

In fact, these mandates never completely went away. For example, [dozens of colleges](#) — [along with](#) states, cities, and companies — have [kept](#) their vaccine mandates in place. Meanwhile, the many thousands of healthcare workers who were [arbitrarily fired](#) because of government or employer mandates haven’t received justice. And the [Deep State](#) is still [working](#) to strip all individuals of their dignity and bodily autonomy.

At the federal level, OSHA has [left the door open](#) to trying to reimpose vaccine mandates. And let’s not forget that the Supreme Court [upheld a federal mandate](#) on 22 million healthcare workers, while also rejecting multiple challenges to vaccine mandates by government entities in states and localities, including [New York City](#), [New York State](#), [Maine](#), [Indiana](#), and [New Mexico](#). Unfortunately, the Supreme Court’s unconstitutional, pro-mandate slant isn’t new, [extending](#) back decades.

Many cities have [dropped](#) vaccine passports and mandates for the time being, but not before millions of Americans were forced to get the shot — in many cases against religious or philosophical objections.

[Globalist elites](#) and [other leftists](#) have [long wanted](#) mandatory vaccinations *without religious or other exemptions*, and the push for them began [long before](#) Covid-19 appeared. Covid-19 has served as the perfect excuse for them to intensify their preconceived onslaught on individual liberty.

Furthermore, the Covid vaccines the elites have pushed on Americans — in addition to being [ineffective](#) and [using fetal tissue](#) from aborted babies in their development — have [caused more medical harm](#) to Americans than Covid-19 ever did.

Date: December 11, 2024

It is absolutely imperative that all Americans, regardless of their vaccine status, reject every vaccine mandate and passport scheme, including any type of digital ID or health ID. Furthermore, **our state and local officials must forcefully nullify the federal government's unconstitutional mandates.**
