

Inflation & Our Immoral Money System Require a Bitter Pill

Record inflation is hurting millions of American families. But despite these recent symptoms, inflation is the result of a longstanding and immoral money system that benefits the powerful at the expense of everyone else. In this episode, Paul interviews Executive Senior Editor of *The New American* magazine Steve Bonta, who discusses the difficult but doable path to restoring our wretched money system. Bonta makes clear that the remedy is a bitter pill. But it's nothing compared to what lies ahead if Americans don't wake and address our corrupt money system. Don't miss this episode!
