

Russia-Ukraine: What's Next?

On February 24, Russia invaded its Eastern European neighbor, Ukraine, sparking a regional war that has the potential to explode into World War III. In this episode, Dennis Behreandt and Christian Gomez provide a deeper look into the complicated historical and geopolitical aspects of the war, the globalists' role in it, what Americans should be wary of, and the various possible outcomes. Behreandt is the publisher of *The New American* magazine and author of the upcoming book, *Endgame*. Gomez is the research project manager of The John Birch Society and a foreign policy expert.
