CRIME SURGE *PLANNED?*

Crime is Skyrocketing, All According to Plan

The National Fraternal Order of Police reported last week that 2020 saw historic levels of violent crime, and that 2021 is seeing crime surge in many larger cities, especially those headed by liberal officials.

President Biden blames it on the traditional summer season increase, as well as the effects of the pandemic.

But if that's the case, then why isn't crime surging all over the country? Why is crime in these places significantly higher than last year? While many of these are in Democratically run cities, there's more to it than that.

We'll look at this in today's episode of Analysis Behind the News, where we provide the perspective and the plan to help restore American liberty and independence.
