

NEWS ALERT

USMCA

WHAT THE DEMOCRATS CHANGED

House Speaker Nancy Pelosi called the United States Mexico Canada Agreement “infinitely better” than the original negotiated deal, once the Democratic working group got its claws into it. So let’s take a look at what they did.

We predict that the Deep State globalists will use the USMCA as a way to usher in a similar union here in North America. The North American Union will eventually sweep away your God-given rights and replace them with world government-approved rights that can be revoked at any time. The United Nations Charter is a great example of this.

If socialist Democrats, the socialist government of Canada, and Mexican Marxist and Leninist politicians all support the USMCA, it cannot possibly be a win for America or beneficial to America’s independence and national sovereignty.

Please contact Congress now and let them know to stop the USMCA and save American independence.
